Erdős, Paul; Reddy, A.R.

Problems and results in rational approximation. (In English)

Period. Math. Hung. 7, 27-35 (1976). [0031-5303]

The authors obtain various inequalities on the approximation of various classes of functions by reciprocals of polynomials and by rational functions. Several unsolved problems are stated.

Classification:

41A20 Approximation by rational functions

41A50 Best approximation

00A07 Problem books
