Zbl 718.11001
Erdős, Paul
Problems and results on extremal problems in number theory, geometry, and combinatorics. (In English)
Rostocker Math. Kolloq. 38, 6-14 (1989). [0138-3248]

The author provides another selection of his famous conjectures.

Classification:
11-02 Research monographs (number theory)
05-02 Research monographs (combinatorics)
52-02 Research monographs (convex and discrete geometry)
05D99 Extremal combinatorics
11B75 Combinatorial number theory
05C35 Extremal problems (graph theory)
00A07 Problem books
