*Dedicated to Ed Saff on the occasion of his 60th birthday*

**Abstract.** A number of open problems on constructive function theory are presented. These were submitted by participants of Constructive Function Theory Tech-04.

**Key words.** constructive function theory, potential theory, orthogonal polynomials, quadrature formulae, integer polynomials

**AMS subject classifications.** 41A17, 41A21, 41A55, 41A99, 42C15
